

1) Where do you live?

I was born in Scotland and now live in Perth (Western Australia)

2) When did you start dancing and how did that happen?

Dancing is something I have done since I could walk. Ballet, jazz, ballroom etc. Linedancing however I started 30 years ago this year.

3) What is the first dance you ever learnt?

During a holiday in the USA (I hadn't seen linedancing in Scotland). I learned a few including the Electric Slide and took them home with me to incorporate into my fitness classes.

4) Where is the most unusual place you have ever line danced?

Mmmm... a few but probably on the street corners of Perth city with Alan Birchall at a Christmas festival where i was hired to get the crowd going.

5) Does anyone else in your family have the line dancing bug? If so, who?

No, my parents were ballroom dancers and my daughter did dabble when younger, but doesn't now.

6) What made you decide to choreograph, and what was your first dance?

I have always choreographed as back then there were no dances available or resources to find them. I simply chose tracks i loved and knew my classed would love and wrote dance routines to them. I don't even have them now. The first one i actually wrote a script for as published in LineDancer magazine and was called "One Horse Town".

7) What does line dance mean to you?

It means friendships, fun, travel and the opportunity or all ages to enjoy great music and dance in a lovely safe environment.

8) Describe yourself in 1 sentence.

I am caring, honest individual who loves to see people smile.

9) What does everyone need to know about you?

I am absolutely in love with Yorkshire terriers and have 3: Paris, Tiffany & Diva. They are tiny and sooooooooo cute ☺

10) Do you have any advice or tips for anyone wanting to choreograph?

Choose music that moves you. Listen to the music over and over and map the music so you can write a coherent dance that works with that track. Pop it out there. You never know which one may take off. If none take off then it doesn't matter. Just enjoy ☺
